Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach nor fairly suggest each of the claimed limitations of a window jamb (or a sash balance shoe) in the entire claimed combination, including an element having a convex face of a radially extending wall that is on one end of a leg, the leg passing axially through a hole formed in the wall of a vertical track of the jamb, the element prevented from exiting from the hole by a diameter of the annular wall being larger than the hole and by a radially extending annular ridge on the leg having a diameter larger than the hole, the annular ridge being flexible enough for insertion through the hole, and a cord attached to a sash balance shoe extending axially through convex face and leg, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A. Williams whose telephone number is

(703) 305-3438. The examiner can normally be reached on Monday through Friday.
